

Edward Menez - Are Jewes Still Poisoning the Wells?

nuremberg.jpg About 40% of the European population was wiped out by the Black Plague (poisoned wells) in these few short years from 1347-1350 and Jews suffered minimal damage to their own walled-off communities.

Speaking of the Jews: "Ye are of your father the devil, and the lusts of your father ye will do. He was a murderer from the beginning, and abode not in the truth, because there is no truth in him. When he speaketh a lie, he speaketh of his own: for he is a liar, and the father of it." John 8:44 (KJV)

There have been many accusations against the Jews throughout history.

Over time, a pattern has developed: the Talmud's citation that "Even the best of the Gentiles should be killed" (Abodah Zara 26b) seems to be the playbook.

Accusations against the Jews throughout history include sacrificing Gentile children and drinking their blood, poisoning Christian wells, and preying on Gentiles through human weakness by running the pornography, prostitution, and gambling empires.

Jews have been kicked out of Christian countries over 100 times. Is there something going on here?

Could this just be coincidental? Or are the Jews following their playbook The Talmud?

If we look at three instances where mass death of millions of Christians occurred, and blamed on the Jews, we might be able to see a larger pattern develop. Of course, it would be more correct to classify the perpetrators as "Satanic Jews" or "Elite Jews", as not all Jews were in on this, but for simplicity's sake I will just refer to them as "Jews".

THE BLACK PLAGUE, THE SPANISH FLU, AND COVID-19: A TRIPLE GENOCIDE

The Black Plague occurred in Europe, primarily in German-speaking countries, between 1347-1350. <https://academiccommons.columbia.edu/doi/10.7916/D8VH5P6T> The Jews were blamed for poisoning the wells to create this plague, and 25 million Europeans died. <https://momentmag.com/why-were-jews-blamed-for-the-black-death/>

When researching this topic, almost everything that comes up on the Internet, like the two links above, was written by a Jew as a way of explaining away what happened.

It is frustrating to constantly be bombarded by Jewish explanations for why the Black Plague was not their doing, but the fact that they address this and strenuously try to debunk it follows a similar pattern the Jews have oft shown.

The Jews just yell louder and more shrilly than their opponent. For instance, they claim The Protocols of the Learned Elders of Zion were fake, and attack with constant cries of "anti-Semite" anyone who believes in their veracity. There wouldn't be an Anti-Defamation League if it wasn't for the Jews trying to run damage control, starting with its founding in September 1913 after Leo Frank raped and murdered his 13-year-old employee, Mary Phagan.

The facts are, however, that about 40% of the European population was wiped out by the Black Plague (poisoned wells) in these few short years from 1347-1350 and Jews suffered minimal damage to their own walled-off communities.

sp-flu.jpgA second instance of white Christian genocide occurred with the so-called 1918 "Spanish Flu". Over 6 million American soldiers were vaccinated with an

experimental bacterial meningitis vaccine before going overseas to fight in World War I. When the war was just ending, which had already claimed exclusively the lives of millions of white Christians, there were huge quantities of unused experimental bacterial meningitis vaccines left over and for the first time most Americans were vaccinated as they were told American soldiers were bringing back potentially dangerous diseases from overseas.

<https://web.archive.org/web/20210412175341/https://salmartingano.com/2020/05/the-1918-spanish-flu-only-the-vaccinated-died/> The result: only the vaccinated died and the unvaccinated were unaffected. Tens of millions of Americans died of these experimental vaccines.

Again, fact-checkers like Reuters and the WHO have tried to de-bunk this, but these "fact-checkers" are paid handsomely by the pharmaceutical corporations for their "research". Just like the Covid-19 vaccine fact-checkers and media-whores. If you've noticed, "non-kosher" links to our history are being quickly erased from the Internet. There is already nobody left alive who lived through the Spanish Flu to tell us the truth.

Finally, in a redux of the 1918 "Spanish Flu" playbook, the mass vaccination of billions of people against the so-called "Covid-19" virus occurred in 2021. Where are the death tolls highest? In white Christian countries once again. There is a pattern developing here, and it is consistent with what the Jews have traditionally done: target white Christian countries to kill off the people through deception.

We know who the figureheads are behind the Covid-19 vaccines: Albert Bourla, Stephane Bancel, Bill Gates, Klaus Schwab, and so many others like them who are also Jews. Behind these puppets are richer Jews like George Soros and the Rothschilds. And behind those Jews is Satan himself, the father of lies and deception.

WHY TARGET WHITE CHRISTIANS?

It seems to me there is a reason why the descendants of European Christians are targeted. And that reason is that The Bible is true. Jesus said that the Jews are of their father, Satan. And Satan's henchmen are following their script, the Talmud.

How else explain the irrational hatred and racism towards white Christians these days? Jews feel seriously threatened by all things white and Christian, and they wouldn't feel that way unless there was a good reason for it: basically, they must know that their god, Satan, is fighting against the Christian God, Jesus.

The good news is that I'm pretty sure we all know what happens in the end. We should not fear. God wins in the end, and you will too, through faith in Him. And if they get their way, once the Christians are gone, they'll be nobody left to say that to you. That seems to be why white Christians are being targeted: to erase any history or memory of what has been done to them.
